Fall 2017 Newsletter

It's so quiet outside. No boats cruising on the lake, no sounds of music from the docks or lake homes. We hope your summer was a blast and that you have a safe and happy holiday season. No ice storms, please! JV

Muses and Ramblings

Everyone is so busy these days. We all promise to get together and catch up, then time slips by. I have to admit that I'm guilty of that. Pick up the phone and call your friends, make time to visit. Talk about old times or make some new memories. In a flash we can be gone and funerals are a terrible place for a reunion.

Cool Stuff!

The 2017 solar eclipse. Sun shot at ISO 640, 1/320 f/6.3. The view from our dock, ISO 400 1/250 f/11. I didn't adjust the exposure to compensate for the light changes so we could get a good idea of how dark it got. The human eye adjusts, the camera doesn't. Our dock lights came on and the cicadas stopped their incessant buzzing!
