Muses and Ramblings

Happy New Year! We hope your holiday season was full of fun and joy. As we always do, this is a good time to remind you to document changes to your home and new appliances/electronics. Keep info in a safe location, a safe deposit box, or with a relative. If you store your data *in the cloud* - be sure to leave info on how to access with with a URL and logon ID to use to retrieve them. Nobody wants to think about a total loss but it's still good to have a PLAN!

Cool Stuff!

Night photography. How long should you set your exposure before you get star trails? Use the **500 Rule: $500 / \text{mm} = \text{seconds}$** . Read more about it online. Just google 500 rule.

What's Up?

We are limiting our wedding and event services to venues no more than 60 miles from Shell Knob. Exceptions will be made for existing clients or client referrals.

We have reformed our policy regarding children: The client will be responsible for damage to our equipment or injury to our staff if it is caused by unruly/unsupervised children during your photo shoot. Please ensure someone is with you who can watch your children while your session is in progress.

Wallet Savers!

January:

20% off print sizes up to 16x24

February:
