

Muses and Ramblings

We are currently booking summer reservations for family sessions. Reserve your session soon! The best dates and times will go fast. Last summer was brutally hot through July with temps hitting the 90s by 10:00 AM so early morning is best unless we'll be shooting indoors or on the water.

Cool Stuff!

Abandoned America. The Ozarks are full of old homesteads and abandoned properties. Always get permission to photograph these properties before entering the property or shoot from the road.

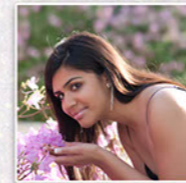

What's Up?

Selling a home? We provide real estate photography services. It's those magazine quality images that will get those people off the web and to your property. We consult with you before the shoot to ensure we highlight your selling features and deliver digital images ready for the web. Print quality images and sunrise/sunset/night shooting extra.

Photography isn't all prints these days. We offer our clients a wide variety of digital options for their events, portraits or corporate needs. We also provide consulting and graphic art services, contracted or as needed. Need an ad design fast? We can help!

Budget Options!

April:

Last minute Senior Special: 20% off sittings and portraits

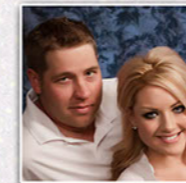

May:

30% off gifts and portrait packages.

April through June:

Complimentary engagement session with every wedding booking.

Remember...

We appreciate your business and your referrals! Always a 10% discount for our repeat clients and all U.S. Service Members and Veterans!

Thank you for choosing VanHook Photography.
