

### *Muses and Ramblings*

We have some important announcements to make for the upcoming months. Effective January 1, 2020 we are going into semi-retirement and will be narrowing our consumer field of photography to *Pets/Animals*. Commercial/real estate and digital design services will not change. As a new offering, we will be selling poster/wall art images for home or office. Our operating hours will also be reduced. See our **Latest News** below for details.

### *Cool Stuff!*

Dogs in Santa Hats. Cute ALERT!

### *Specials - Last Chance Family*

**October & November:  
40% off digital  
packages**

### *Latest News*

Our Pet photography isn't just dogs and cats. Your pet can come to us for that polished studio look or we will come to your home, dog park, ranch or farm. Exotic pets aren't a problem (except spiders). Our *Action Pets* includes anything from dog shows to disc dogs to barrel racing to steeplechase and everything in between. Outdoor pet photography is not available in **July/August**.

Our commercial services will include but not be limited to real estate or product photography, professional profile photography and digital design of logos, internet or print formatted art designed to your specifications. We will meet your deadline.

We are also going to be selling fine art landscapes for business or personal use. Do you have a home or feature you'd like to have photographed? We will be happy to provide a custom service geared toward your specific wants.

Our office will be open Tues-Thu, 10-4. We will be closed to the public from **December 1 through January 1** each year.
